

TECHNIKON

We are an independent, privately owned research company in Villach, Austria which provides research services and technology based consultancy to high-tech companies across Europe.

Videographer (m/f)

Do you know to address your target group with eye-catching videos?
Do you are a visual storyteller? Is your mind always focused?

If yes: write us!

Your Profile

- You love, live and breathe videos
- You have solid knowledge in Adobe Premiere Pro, After Effects and Photoshop
- You have work experience in the field of Film/Video production
- You are interest in new trends and love innovation
- You have a very strong sense of storytelling and video editing and even have a say in the audio, too
- You are able to start video filming and production independently
- You are communicative and speak very good English

Your typical working day

- Organisation, conception & realisation of video productions
- Camera and light work, including equipment service
- Creation of video editing and post production
- Co-development of video formats for web and social media
- Coordination of specific tasks, between the project management team, the project partners and the media department

We offer you

- Flexible, project-oriented job in a dynamic team, in our office in Villach
- Possibility to advance in your career within the company, by active participation and self-responsible conduct
- Participation in innovative European research projects
- Full-time or part-time position
- We comply the Austrian collective agreement for technical offices and offer a salary that is compliant with the market (Overpayment with appropriate experience)
